Azienda

L'azienda nasce nel 1991 per volere del suo fondatore Alfio Battiato, che spinto da una passione per la rifinitura d'interni ed in particolare dall'amore per la manifattura di gusto italiano, esprime negli stucchi decorativi in gesso, una delle sue massime peculiarità. I nostri prodotti vengono realizzati in gesso, elemento naturale ed ecologico, mentre la loro struttura interna, è irrobustita con fibre di Sisal. Vengono applicati con un apposito collante TECNOSTUK e con una certa facilità anche da persone non necessariamente del settore.

Da un'idea creativa o per esigenza di una soluzione architettonica, sviluppiamo un disegno tecnico, che affidato alle sapienti mani artigiane del nostro staff, diventa un prodotto su misura o di serie. In questo catalogo potete consultare e scegliere i nostri prodotti.

Ci rivolgiamo a privati, imprese, architetti, arredatori, rivenditori, stucchisti, decoratori d'interni e a tutti coloro che amano fare dell'ambiente in cui vivono o soggiornano, lo specchio del loro gusto, classico o moderno. Offriamo la possibilità di realizzare un prodotto su richiesta, anche su progetto fornito da voi o possiamo effettuare restauri di strutture con stucchi già esistenti (chiese, teatri, alberghi, palazzi storici...), per ricostruire o ripristinare archi, gole, volte, cupole, cornici ornate o lineari, nel rispetto della riproduzione storica e del gusto artistico originario.
